### FLANGE LIBERE PPG/Fe ANSI per COLLARI PP e PE T/T - Cod. FLPPGFEA

- Profilate, con rivestimento in PP caricato vetro (30%) e inserto in ghisa sferoidale – colore nero
  - Per collari in PP cod. CART
  - Foratura secondo ANSI B16.5 CL. 150
- BACKING RINGS PPG/Fe ANSI for  
PP & PE BW STUBS - Code FLPPGFEA**
- Profiled, in PP fiber-glass (30%) reinforced and ductil iron insert – black colour
  - For PP stubs code CART
  - Drilled according to ANSI B16.5 CL. 150

<sup>1</sup> Con foratura ISO DIN 2501 PN10 che approssima 6" ANSI CL. 150.  
Drilled according to ISO DIN 2501 PN10 that approximates 6" ANSI CL. 150.

### GUARNIZIONI EPDM – Cod. GEPDMBW

- Per collari rigati PP Testa/Testa – cod. CART
- Foratura ISO DIN 2501 PN10 (passaggio tiranti)
- EPDM colore nero - serie industria
- Spessore 2 mm
- Durezza Shore 65~70

### GASKETS EPDM – Code GEPDMBW

- For serrated PP Butt Welding Stubs - code CART
- Drilled ISO DIN 2501 PN10 (bolts' passage)
- EPDM black colour - industrial series
- Thickness 2 mm
- Hardness Shore 65~70
